INDEX OF AUTHORS

A

Adler, R. (and R. G. Epps): Left atrial and pulmonary capillary venous pressures in mitral stenosis. 298.
Armitage, G. H. (and P. H. Davison, and W. Melville Arnott): The mechanics of adaptation to a central venous-arterial shunt. 221.
Arnott, W. Melville (and G. H. Armitage, and P. H. Davison): The mechanics of adaptation to a central venous-arterial shunt. 221.
—— (and D. G. B. Richards, A. G. W. Whitfield, and J. A. H. Waterhouse): The lung volume in hyperkinetic states. 83.
Astley, R. (and J. S. Oldham, and C. G. Parsons): Congenital tricuspid atresia. 287.

B

Besterman, E. M. M. (and J. K. Harrison): A multi-channel cathode-ray phonocardiograph. 130.
—— (and G. T. Thomas): Radiological diagnosis of rheumatic pericardial effusion. 113.
—— (and G. T. Thomas, and A. Hollman): Rheumatic pericarditis. 29.
Bowie, F. J. T. (and R. G. Simpson): Cardio-aortic involvement in congenital syphilis with co-existent rheumatic heart disease. 264.
Boyd, G. F. (and M. F. Oliver): Plasma lipids in coronary artery disease. 387.
Brigden, W. (and A. Leatham): Mitral incompetence. 55.
Brinton, W. D. (and Maurice Campbell): Necropsies in some congenital diseases of the heart, mainly Fallot's tetralogy. 335.

C

Cahen, Pol (and Roger Froment, and Léon Gallavardin): Paroxysmal ventricular tachycardia: a clinical classification. 172.
Campbell, Maurice (and Ralph Kauntze): Congenital aortic valvular stenosis. 179.
—— (and W. D. Brinton): Necropsies in some congenital diseases of the heart, mainly Fallot's tetralogy. 335.
—— (and Paul Forgacs): Lævocardia with transposition of the abdominal viscera. 401.
Cosh, J. A.: Patent ductus arteriosus with pulmonary hypertension. 423.

D

Droller, L. G. (and J. F. Goodwin, R. E. Steiner, and B. D. Van Leuven): The clinical and radiological assessment of the pulmonary arterial pressure in mitral stenosis. 393.
Davison, P. H. (and G. H. Armitage, and W. Melville Arnott): The mechanics of adaptation to a central venous-arterial shunt. 221.
Doyle, A. E. (and F. H. Smirk): The use of the pure veratrum alkaloids neogermitrine and protoveratrine in hypertension. 329.
Droller, H. (and J. Pemberton): Cardiovascular disease in a random sample of elderly people. 199.

E

Enticknap, J. B.: Biopsy of the left auricle in mitral stenosis. 37.
Epps, R. G. (and R. Adler): Left atrial and pulmonary capillary venous pressures in mitral stenosis. 298.

F

Felkai, B. (and D. Halmágyi, J. Iványi, T. Zsótér, M. Tényi, and Zs. Szücs): The role of the nervous system in the maintenance of pulmonary arterial hypertension in heart failure. 15.
Forgacs, Paul (and Maurice Campbell): Lævocardia with transposition of the abdominal viscera. 401.
Froment, Roger (Léon Gallavardin, and Pol Cahen): Paroxysmal ventricular tachycardia: a clinical classification. 172.

G

Gallavardin, Léon (and Roger Froment, and Pol Cahen): Paroxysmal ventricular tachycardia: a clinical classification. 172.
Gardner, Frances (and S. Oram): Persistent left superior vena cava draining the pulmonary veins. 305.
Goodwin, J. F.: Fatality following cardiac catheterization injury. 330.
—— (and R. E. Steiner, B. D. Van Leuven, and L. G. Davies): The clinical and radiological assessment of the pulmonary arterial pressure in mitral stenosis. 393.

INDEX OF AUTHORS

A

Adler, R. (and R. G. Epps): Left atrial and pulmonary capillary venous pressures in mitral stenosis. 298.
Armitage, G. H. (and P. H. Davison, and W. Melville Arnott): The mechanics of adaptation to a central venous-arterial shunt. 221.
Arnott, W. Melville (and G. H. Armitage, and P. H. Davison): The mechanics of adaptation to a central venous-arterial shunt. 221.
—— (and D. G. B. Richards, A. G. W. Whitfield, and J. A. H. Waterhouse): The lung volume in hyperkinetic states. 83.

Cosh, J. A.: Patent ductus arteriosus with pulmonary hypertension. 423.

D

Droller, L. G. (and J. F. Goodwin, R. E. Steiner, and B. D. Van Leuven): The clinical and radiological assessment of the pulmonary arterial pressure in mitral stenosis. 393.
Davison, P. H. (and G. H. Armitage, and W. Melville Arnott): The mechanics of adaptation to a central venous-arterial shunt. 221.
Doyle, A. E. (and F. H. Smirk): The use of the pure veratrum alkaloids neogermitrine and protoveratrine in hypertension. 329.
Droller, H. (and J. Pemberton): Cardiovascular disease in a random sample of elderly people. 199.

E

Enticknap, J. B.: Biopsy of the left auricle in mitral stenosis. 37.
Epps, R. G. (and R. Adler): Left atrial and pulmonary capillary venous pressures in mitral stenosis. 298.

F

Felkai, B. (and D. Halmágyi, J. Iványi, T. Zsótér, M. Tényi, and Zs. Szücs): The role of the nervous system in the maintenance of pulmonary arterial hypertension in heart failure. 15.
Forgacs, Paul (and Maurice Campbell): Lævocardia with transposition of the abdominal viscera. 401.
Froment, Roger (Léon Gallavardin, and Pol Cahen): Paroxysmal ventricular tachycardia: a clinical classification. 172.

G

Gallavardin, Léon (and Roger Froment, and Pol Cahen): Paroxysmal ventricular tachycardia: a clinical classification. 172.
Gardner, Frances (and S. Oram): Persistent left superior vena cava draining the pulmonary veins. 305.
Goodwin, J. F.: Fatality following cardiac catheterization injury. 330.
—— (and R. E. Steiner, B. D. Van Leuven, and L. G. Davies): The clinical and radiological assessment of the pulmonary arterial pressure in mitral stenosis. 393.

H

Halmágyi, D. (and B. Felkai, J. Iványi, T. Zsótér, M. Tényi, and Zs. Szücs): The role of the nervous system in the maintenance of pulmonary arterial hypertension in heart failure. 15.
Hamilton, M. (and J. W. Litchfield, W. S. Peart, and G. S. C. Sowry): Phæochromocytoma. 241.
Harrison, J. K. (and E. M. M. Besterman): A multi-channel cathode-ray phonocardiograph. 130.
Hedman, C. (and J. Lind, and C. Wegelius): Caval reflexes in angiocardiography and the dynamics of the right atrium. 143.
Henderson, C. B.: Potassium and the cardiographic changes in diabetic acidosis. 87.
——: The effect of cigarette smoking on the ballistograms in health and in coronary heart disease. 278.
—— (and F. Jackson, and W. G. A. Swan): Ebstein's anomaly diagnosed during life. 360.
Holling, H. E. (and A. Venner): Comparison of operation and clinical findings in mitral stenosis and incompetence. 205.
Hollman, A. (and E. M. M. Besterman, and G. T. Thomas): Rheumatic pericarditis. 29.
Howarth, Sheila (and J. B. Lowe): The mechanism of effort syncope in primary pulmonary hypertension and cyanotic congenital heart disease. 47.
Hughes, A. (and G. Harvey Smith): A case of endocardial fibrosis showing heparin-resistance.

I

Iványi, J. (and D. Halmágyi, B. Felkai, T. Zsótér, M. Tényi, and Zs. Szücs): The role of the nervous system in the maintenance of pulmonary arterial hypertension in heart failure. 15.

J

Jackson, F. (and C. B. Henderson, and W. G. A. Swan): Ebstein's anomaly diagnosed during life. 360.
Jennings, G. H.: Rupture of an aortic aneurysm into the pulmonary artery. A case report. 456.

K

Kauntze, Ralph (and Maurice Campbell): Congenital aortic valvular stenosis. 179.
Kessel, I.: The electrocardiogram on the first day of life. 430.

L

Leatham, A. (and W. Brigden): Mitral incompetence. 55.
Lind, J. (and C. Wegelius, and C. Hedman): Caval reflexes in angiocardiography and the dynamics of the right atrium. 143.
Litchfield, J. W. (and M. Hamilton, W. S. Peart, and G. S. C. Sowry): Phæochromocytoma. 241.
Litchfield, J. A.: A-V dissociation in dystrophia myotonica. A case report. 357.
Lowe, J. B. (and Sheila Howarth): The mechanism of effort syncope in primary pulmonary hypertension and cyanotic congenital heart disease. 47.
——: The angiocardiogram in Fallot's tetralogy. 319.

M

MacMahon, B. (and T. McKeown, and R. G. Record): The incidence and life expectation of children with congenital heart disease. 121.
—— (and T. McKeown, and C. G. Parsons): The familial incidence of congenital malformation of the heart. 273.
McDonald, L.: Ischæmic heart disease and peripheral occlusive arterial disease. 101.
McKeown, T. (and B. MacMahon, and R. G. Record): The incidence and life expectation of children with congenital heart disease. 121.
—— (and B. MacMahon, and C. G. Parsons): The familial incidence of congenital malformation of the heart. 273.
—— (and R. G. Record): Observations related to the ætiology of patent ductus arteriosus. 376.
McKeown, Florence: The left auricular appendage in mitral stenosis. 433.
Mininni, G. (and A. Pick): The mechanism of sudden death in dissecting aneurysm with intracardiac rupture. 369.
Mitchell, G. A. G.: The innervation of the heart. 159.
Mounsey, P.: The opening snap of mitral stenosis. 135.

O

Oldham, J. S. (and R. Astley, and C. G. Parsons): Congenital tricuspid atresia. 287.
Oliver, M. F. (and G. F. Boyd): Plasma lipids in coronary artery disease. 387.
Oram, S. (and Frances Gardner): Persistent left superior vena cava draining the pulmonary veins. 305.

P

Parsons, C. G. (and T. McKeown, and B. MacMahon): The familial incidence of congenital malformation of the heart. 273.
—— (and J. S. Oldham, and R. Astley): Congenital tricuspid atresia. 287.
Pattinson, J. N.: Anomalous right subclavian artery. 150.
Peart, W. S. (and G. S. C. Sowry, M. Hamilton, and J. W. Litchfield): Phæochromocytoma. 241.
Peel, A. A. Fitzgerald: Coagulation time in the selection of cases for anticoagulant treatment. 8.
—— (and T. Semple): Cation exchange resin (Resodec) in the treatment of cardiac œdema. 350.
Pemberton, J. (and H. Droller): Cardiovascular disease in a random sample of elderly people. 199.
Pick, A. (and G. Mininni): The mechanism of sudden death in dissecting aneurysm with intracardiac rupture. 369.

R

Record, R. G. (and B. MacMahon, and T. McKeown): The incidence and life expectation of children with congenital heart disease. 121.
—— (and T. McKeown): Observations related to the ætiology of patent ductus arteriosus. 376.
Reynolds, Geoffrey: The electrocardiogram during angiocardiography. 74.
——: The atrial electrogram in mitral stenosis. 250.
Richards, D. G. B. (and A. G. W. Whitfield, W. Melville Arnott, and J. A. H. Waterhouse): The lung volume in hyperkinetic states. 83.

S

Semple, T. (and A. A. Fitzgerald Peel): Cation exchange resin (Resodec) in the treatment of cardiac œdema. 350.
Sher, N.: A case of paroxysmal supraventricular tachycardia in infancy treated with procaine amide. 459.
Simpson, R. G. (and F. J. T. Bowie): Cardio-aortic involvement in congenital syphilis with co-existent rheumatic heart disease. 264.
Sloan, A. W. (and Mary Wishart): The effect on the human third heart sound of variations in the rate of filling of the heart. 25.
Smirk, F. H. (and A. E. Doyle): The use of the pure veratrum alkaloids neogermitrine and protoveratrine in hypertension. 439.
Smith, G. Harvey (and A. Hughes): A case of endocardial fibrosis showing heparin-resistance. 450.
Snaith, L. (and P. Szekeley): Paroxysmal tachycardia in pregnancy. 195.
Snow, P. J. D.: A case of single coronary artery with stereographic demonstration of the arterial distribution. 261.
Sowry, G. S. C. (and M. Hamilton, J. W. Litchfield, and W. S. Peart): Phæochromocytoma. 241.
Steiner, R. E. (and B. D. Van Leuven, L. G. Davies, and J. F. Goodwin): The clinical and radiological assessment of the pulmonary arterial pressure in mitral stenosis. 393.
Swan, W. G. A. (and C. B. Henderson, and F. Jackson): Ebstein's anomaly diagnosed during life. 360.
Szekeley, P. (and L. Snaith): Paroxysmal tachycardia in pregnancy. 195.
Szücs, Zs. (and D. Halmágyi, B. Felkai, J. Iványi, T. Zsótér, and M. Tényi): The role of the nervous system in the maintenance of pulmonary arterial hypertension in heart failure. 15.

T

Tényi, M. (and D. Halmágyi, B. Felkai, J. Iványi, T. Zsótér, and Zs. Szücs): The role of the nervous system in the maintenance of pulmonary arterial hypertension in heart failure. 15.
Thomas, G. T. (and E. M. M. Besterman): Radiological diagnosis of rheumatic pericardial effusion. 113.
—— (and E. M. M. Besterman, and A. Hollman): Rheumatic pericarditis. 29.
Tiliakos, M.: The effect of digitalis on the normal electrocardiogram. 95.

V

Van Leuven, B. D. (and L. D. Davies, J. F. Goodwin, and R. E. Steiner): The clinical and radiological assessment of the pulmonary arterial pressure in mitral stenosis. 393.
Venner, A. (and H. E. Holling): Comparison of operation and clinical findings in mitral stenosis and incompetence. 205.

W

Waterhouse, J. A. H. (and D. G. B. Richards, A. G. W. Whitfield, and W. Melville Arnott): The lung volume in hyperkinetic states. 83.
Wegelius, C. (and C. Hedman, and J. Lind): Caval reflexes in angiocardiography and dynamics of the right atrium. 143.
Whitfield, A. G. W. (and D. G. B. Richards, W. Melville Arnott, and J. A. H. Waterhouse): The lung volume in hyperkinetic states. 83.
Wishart, Mary (and A. W. Sloan): The effect on the human third heart sound of variations in the rate of filling of the heart. 25.
Wynn, A.: Gross calcification of the mitral valve. 214.

Z

Zsótér, T. (and D. Halmágyi, B. Felkai, J. Iványi, M. Tényi, and Zs. Szücs): The role of the nervous system in the maintenance of pulmonary arterial hypertension in heart failure. 15.

INDEX OF SUBJECTS

A

Abdominal viscera, Lævocardia with transposition of the (Maurice Campbell and Paul Forgacs). 401.
Abstracts of cardiology. 108, 267, 364, and 467.
Adaptation to a central venous-arterial shunt, The mechanics of (P. H. Davison, G. H. Armitage, and W. Melville Arnott). 221.
Ætiology of patent ductus arteriosus, Observations related to the (R. G. Record and T. McKeown). 376.
Alkaloids neogermitrine and protoveratrine in hypertension, The use of the pure veratrum (A. E. Doyle and F. H. Smirk). 439.
Aneurysm with intracardiac rupture, The mechanism of sudden death in dissecting (A. Pick and G. Mininni). 369.
Angiocardiography, The electrocardiogram in (Geoffrey Reynolds). 74.
Angiocardiography and the dynamics of the right atrium, Caval refluxes of (C. Hedman, J. Lind, and C. Wegelius). 143.
Angiocardiogram in Fallot's tetralogy (J. B. Lowe). 319.
Anomalous right subclavian artery (J. N. Pattinson). 150.
Anticoagulant treatment, Coagulation time in the selection of cases for (A. A. Fitzgerald Peel). 8.
Aortic valvular stenosis, Congenital (Maurice Campbell and Ralph Kauntze). 179.
Arterial disease, Ischæmic heart disease and peripheral occlusive (L. McDonald). 101.
Atrial electrogram in mitral stenosis (Geoffrey Reynolds). 250.
Auricle in mitral stenosis, Biopsy of the left (J. B. Enticknap). 37.
Auricular appendage in mitral stenosis, The left (Florence McKeown). 433.
A-V dissociation in dystrophia myotonica: A case report (J. A. Litchfield). 357.

B

Ballistocardiograms in health and in coronary disease, The effect of cigarette smoking on the (C. B. Henderson). 278.
Biopsy of the left auricle in mitral stenosis (J. B. Enticknap). 37.
British Cardiac Society, Proceedings of the. 461

C

Calcification of the mitral valve, Gross (A. Wynn). 214.
Capillary venous pressures in mitral stenosis, Left atrial and pulmonary (R. G. Epps and R. Adler). 298.
Cardiac catheterization injury, Fatality following (J. F. Goodwin). 330.
Cardiac œdema, Cation exchange resin (Resodec) in the treatment of (A. A. Fitzgerald Peel and T. Semple). 350.
Cardio-aortic involvement in congenital syphilis with co-existent rheumatic heart disease: A case report (F. J. T. Bowie and R. G. Simpson). 264.
Cardiographic changes in diabetic acidosis, Potassium and the (C. B. Henderson). 87.
Cardiovascular disease in a random sample of elderly people (H. Droller and J. Pemberton). 199.
Catheterization injury, Fatality following (J. F. Goodwin). 330.
Cation exchange resin (Resodec) in the treatment of cardiac œdema (A. A. Fitzgerald Peel and T. Semple). 350.
Caval refluxes in angiocardiography and the dynamics of the right atrium (C. Hedman, J. Lind, and C. Wegelius). 143.
Cigarette smoking on the ballistocardiograms in health and in coronary heart disease (C. B. Henderson). 278.
Clinical and radiological assessment of the pulmonary arterial pressure in mitral stenosis (L. G. Davies, J. F. Goodwin, R. F. Steiner, and B. D. Van Leuven). 393.
Coagulation time in the selection of cases for anticoagulant treatment (A. A. Fitzgerald Peel). 8.
Comparison of operation and clinical findings in mitral stenosis and incompetence (A. Venner and H. E. Holling). 205.
Congenital aortic valvular stenosis (Maurice Campbell and Ralph Kauntze). 179.
Congenital diseases of the heart, mainly Fallot's tetralogy, Necropsies in some (W. D. Brinton and Maurice Campbell). 335.
Congenital heart disease, Incidence and life expectation of children with (B. MacMahon, T. McKeown, and R. G. Record). 121.
Congenital tricuspid atresia (R. Astley, J. S. Oldham, and C. G. Parsons). 287.
Coronary artery disease, The plasma lipids in (M. F. Oliver and G. F. Boyd). 387.
Cyanotic congenital heart disease, The mechanism of effort syncope in primary pulmonary hypertension and (Sheila Howarth and J. B. Lowe). 47.

D

Diabetic acidosis, Potassium and the cardiographic changes in (C. B. Henderson). 87.
Digitalis on the normal electrocardiogram, The effect of (M. Tiliakos). 95.
Dynamics of the right atrium, Caval refluxes in angiocardiography and the (C. Hedman, J. Lind, and C. Wegelius). 143.

E

Ebstein's anomaly diagnosed during life: A case report (C. B. Henderson, F. Jackson, and G. W. A. Swan). 360.
Effect of cigarette smoking on the ballistocardiograms in health and in coronary heart disease (C. B. Henderson). 278.
Effect of digitalis on the normal electrocardiogram (M. Tiliakos). 95.
Effect on the human third heart sound of variations in the rate of filling of the heart (A. W. Sloan and Mary Wishart). 25.
Effort syncope in primary pulmonary hypertension and cyanotic congenital heart disease, The mechanism of (Sheila Howarth and J. B. Lowe). 47.
Elderly people, Cardiovascular disease in a random sample of (H. Droller and J. Pemberton). 199.
Electrocardiogram during angiocardiography (Geoffrey Reynolds). 74.
Electrocardiogram on the first day of life (I. Kessel). 430.
Electrocardiogram, The effect of digitalis on the normal (M. Tiliakos). 95.
Electrogram in mitral stenosis, The atrial (Geoffrey Reynolds). 250.
Endocardial fibrosis showing heparin-resistance: A case report (A. Hughes and G. Harvey Smith). 450.
European Congress of Cardiology, Proceedings of the. 1.

F

Fallot's tetralogy, The angiocardiogram in (J. B. Lowe). 319.
Fallot's tetralogy, Necropsies in some congenital diseases of the heart, mainly (W. D. Brinton and Maurice Campbell). 335.
Familial incidence of congenital malformation of the heart (T. McKeown, B. MacMahon, and C. G. Parsons). 273.
Fatality following cardiac catheterization injury (J. F. Goodwin). 330.
First day of life, The electrocardiogram on the (I. Kessel). 430.

G

Gross calcification of the mitral valve (A. Wynn). 214.

H

Heart, The innervation of the (G. A. G. Mitchell). 159.
Hyperkinetic states, The lung volume in (D. G. B. Richards, A. G. W. Whitfield, W. M. Arnott, and J. A. H. Waterhouse). 83.
Hypertension in heart failure, The role of the nervous system in the maintenance of pulmonary arterial (D. Halmágyi, B. Felkai, T. Zsótér, M. Tényi, and Zs. Szücs). 15.
Hypertension, The use of the pure veratrum alkaloids neogermitrine and protoveratrine in (A. E. Doyle and F. H. Smirk). 439.

I

Incidence and life expectation of children with congenital heart disease (B. MacMahon, T. McKeown, and R. G. Record). 121.
Incompetence, Mitral (W. Brigden and A. Leatham). 55.
Innervation of the heart (G. A. G. Mitchell). 159.
Intracardiac rupture, The mechanism of sudden death in dissecting aneurysm with (A. Pick and G. Mininni). 369.
Ischæmic heart disease and peripheral occlusive arterial disease (L. McDonald). 101.
Isolated diffuse myocarditis: A case report (T. P. Blanshard). 453.

L

Lævocardia with transposition of the abdominal viscera (Maurice Campbell, and Paul Forgacs). 401.
Left atrial and pulmonary capillary venous pressures in mitral stenosis (R. G. Epps and R. Adler). 298.
Left auricular appendage in mitral stenosis (Florence McKeown). 433.
Life expectation of children with congenital heart disease, Incidence and (B. MacMahon, T. McKeown, and R. G. Record). 121.
Lung volume in hyperkinetic states (D. G. B. Richards, A. G. W. Whitfield, W. M. Arnott, and J. A. H. Waterhouse). 83.

M

Malformation of the heart, The familial incidence of congenital (T. McKeown, B. MacMahon, and C. G. Parsons). 273.
Mechanics of adaptations to a central venous-arterial shunt (P. H. Davison, G. H. Armitage, and W. M. Arnott). 221.
Mechanism of effort syndrome in primary pulmonary hypertension and cyanotic congenital heart disease (Sheila Howarth and J. B. Lowe). 47.
Mechanism of sudden death in dissecting aneurysm with intracardiac rupture (A. Pick and G. Mininni). 369.
Mitral incompetence (W. Brigden and A. Leatham). 55.

Mitral stenosis, The atrial electrogram in (Geoffrey Reynolds). 250.
Mitral stenosis and incompetence, Comparison of operation and clinical findings in (A. Venner and H. E. Holling). 205.
Mitral stenosis, Biopsy of the left auricle in (J. B. Enticknap). 37.
Mitral stenosis, Left atrial and pulmonary capillary venous pressures in (R. G. Epps and R. Adler). 298.
Mitral stenosis, The opening snap of (P. Mounsey). 135.
Mitral stenosis, The clinical and radiological assessment of the pulmonary arterial pressure in (L. G. Davies, J. F. Goodwin, R. E. Steiner, and B. D. Van Leuven). 393.
Mitral stenosis, The left auricular appendage in (Florence McKeown). 433.
Mitral valve, Gross calcification of the (A. Wynn). 214.
Multi-channel cathode-ray phonocardiograph (E. M. M. Besterman and J. K. Harrison). 130.

N

Necropsies in some congenital diseases of the heart, mainly Fallot's tetralogy (W. D. Brinton and Maurice Campbell). 335.
Nervous system in the maintenance of pulmonary arterial hypertension in heart failure, The role of the (D. Halmágyi, B. Felkai, T. Zsóstér, M. Tényi, and Zs. Szücs). 15.

O

Observations related to the ætiology of patent ductus arteriosus (R. G. Record and T. McKeown). 376.
Opening snap of mitral stenosis (P. Mounsey). 135.

P

Paroxysmal supraventricular tachycardia in infancy treated with procaine amide: A case report (N. Sher). 459
Paroxysmal tachycardia in pregnancy (P. Szekely and L. Snaith). 195.
Paroxysmal ventricular tachycardia, a clinical classification (Roger Froment, Léon Gallavardin, and Pol Cahen). 172.
Patent ductus arteriosus, Observations related to the ætiology of (R. G. Record and T. McKeown). 376.
Patent ductus arteriosus with pulmonary hypertension (J. A. Cosh). 423.
Pericardial effusion, Radiological diagnosis of rheumatic (E. M. M. Besterman and G. T. Thomas). 113.
Pericarditis, Rheumatic (G. T. Thomas, E. M. M. Besterman, and A. Hollman). 29.
Peripheral occlusive arterial disease, Ischæmic heart disease and (L. McDonald). 101.
Persistent left superior vena cava draining the pulmonary veins (Frances Gardner and S. Oram). 305
Phæochromocytoma (M. Hamilton, J. W. Litchfield, W. S. Peart, and G. S. C. Sowry). 241.
Phonocardiograph, Multi-channel cathode-ray (E. M. M. Besterman and J. K. Harrison). 130.
Plasma lipids in coronary artery disease (M. F. Oliver and G. F. Boyd). 387.
Potassium and the cardiographic changes in diabetic acidosis (C. B. Henderson). 87.
Pregnancy, Paroxysmal tachycardia in (P. Szekely and L. Snaith). 195.
Primary pulmonary hypertension and cyanotic congenital heart disease, Mechanism of effort syncope in (Sheila Howarth and J. B. Lowe). 47.
Proceedings of the European Congress of Cardiology. 1.
Proceedings of the British Cardiac Society. 461.
Pulmonary arterial hypertension in heart failure, The role of the nervous system in the maintenance of (D. Halmágyi, B. Felkai, T. Zsótér, M. Tényi, and Zs. Szücs). 15.
Pulmonary arterial pressure in mitral stenosis, The clinical and radiological assessment of the (L. G. Davies, J. F. Goodwin, R. E. Steiner, and B. D. Van Leuven). 393.
Pulmonary hypertension, Patent ductus arteriosus with (J. A. Cosh). 423.
Pulmonary veins, Persistent left superior vena cava draining the (Frances Gardner and S. Oram). 305.

R

Radiological assessment of the pulmonary arterial pressure in mitral stenosis, The clinical and (L. G. Davies, J. F. Goodwin, R. F. Steiner, and B. D. Van Leuven). 393.
Radiological diagnosis of rheumatic pericardial effusion (E. M. M. Besterman and G. T. Thomas). 113.
Rate of filling of the heart, The effect on the human third heart sound of variations in the (A. W. Sloan and Mary Wishart). 25.
Resin (Resodec) in the treatment of cardiac œdema, Cation exchange (A. A. Fitzgerald Peel and T. Semple). 350.
Rheumatic pericardial effusion, Radiological diagnosis of (E. M. M. Besterman and G. T. Thomas). 113.
Rheumatic pericarditis (G. T. Thomas, E. M. M. Besterman, and A. Hollman). 29.
Role of the nervous system in the maintenance of pulmonary arterial hypertension in heart failure (D. Halmágyi, B. Felkai, T. Zsótér, M. Tényi, and Zs. Szücs). 15.
Rupture of an aortic aneurysm into the pulmonary artery: A case report (G. H. Jennings). 456.

S

Single coronary artery with stereographic demonstration of the arterial distribution: A case report (P. J. D. Snow). 261.
Subclavian artery, Anomalous right (J. N. Pattinson). 150.
Sudden death in dissecting aneurysm with intracardiac rupture, The mechanism of (A. Pick and G. Mininni). 369.
Superior vena cava draining the pulmonary veins, Persistent left (Frances Gardner and S. Oram). 305.

T

Tachycardia, Paroxysmal ventricular: a clinical classification (Roger Froment, Léon Gallavardin, and Pol Cahen). 172.
Third heart sound of variations in the rate of filling of the heart, The effect on the human (A. W. Sloan and Mary Wishart). 25.
Transposition of the abdominal viscera, Lævocardia with (Maurice Campbell and Paul Forgacs). 401.
Tricuspid atresia, Congenital (R. Astley, J. S. Oldham, and C. G. Parsons). 287.

U

Use of the pure veratrum alkaloids neogermitrine and protoveratrine in hypertension (A. E. Doyle and F. H. Smirk). 439.

V

Venous-arterial shunt, Mechanics of adaptation to a (P. H. Davison, G. H. Armitage, and W. M. Arnott). 221.
Ventricular tachycardia, Paroxysmal: a clinical classification (Roger Froment, Léon Gallavardin, and Pol Cahen). 172.
Veratrum alkaloids neogermitrine and protoveratrine in hypertension, The use of (A. E. Doyle and F. H. Smirk). 439.
